SECTION 1 – INTRODUCTION

This directory provides a list of McLaren Medicare network providers.

Welcome to McLaren Medicare. McLaren Medicare has thousands of doctors and many leading hospitals ready to care for you. We combine the resources of independent physicians, multi-specialty groups, ambulatory care centers, ancillary providers, and hospitals to offer our members access to the highest quality health care providers you expect.

You will have to choose one of our network Providers listed in this directory to be your **P**rimary **C**are **P**rovider (PCP). Generally, you must get your health care services from your PCP.

PCPs are Family Medicine, General Practice, Geriatric Medicine, or Internal Medicine physicians. You should receive all of your routine care from your PCP. Your PCP will also coordinate your specialty care, ancillary services, and inpatient services.

McLaren Medicare also has non-physician practitioners in its network including Physician Assistants (PAs) and Nurse Practitioners (NPs). Non-physician practitioners are marked with "NON" in this provider directory.

Please use this directory as a reference when you need to choose a provider for health care services. This directory lists whether the PCP is taking new patients, their office practice hours, and if the doctor speaks a language other than English. If you need help choosing a PCP, you can call Member Services at 833-358-2404 (TTY: 711). You can change your PCP at any time.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any network providers listed in this directory.

McLaren Medicare has standards for appointment wait times for primary care and behavioral health services that must meet or exceed the following minimum standards:

- Urgently needed services or emergency – immediately
- Services that are not emergency or urgently needed, but you require medical attention – within 7 business days
- Routine and preventive care – within 30 business days.

You may get covered emergency services from the closest available provider and urgent care services from any qualified provider when outside of the plan's service area or when network providers are not available. Emergency and urgent care services are covered anywhere in the United States and worldwide.

As a member of a McLaren Medicare plan, you must receive your care from in-network providers, except in emergency or urgent care situations or for out-of-area renal dialysis or

other services the plan authorizes out-of-network. If you obtain routine care from out-of-network providers, neither Medicare nor McLaren Medicare will be responsible for the costs.

In cases where out-of-network providers submit a bill directly to you, you should not pay the bill. Submit the bill to McLaren Medicare for processing and determination of your liability, if any. Please refer to your Evidence of Coverage for complete details.
