

Bessie May French Memorial Scholarship for CRNA

The McLaren Foundation

In a loving tribute, the family of Bessie May French has established a permanent scholarship to support Certified Registered Nurse Anesthetists. Mrs. French was a trailblazer for single mothers entering the medical profession in the early- and mid- 20th Century. Through her accomplishments and her reputation for caring for patients, Mrs. French continues to motivate aspiring nurse anesthetists to further their education.

Bessie May Tanner French (1888-1970) received a diploma from the South Chicago School of Nursing on the 25th of September 1913. She received a certificate for completion of a Post –Graduate Course in Nursing from the Neurological Institute of New York on the 8th of June 1914.

After graduation, she obtained a position as superintendent of a facility for the treatment of mental illness from which she left for a nine year hiatus which included marriage, three children and the premature death of her husband in 1923.

Returning to work as a single mother in 1925, Mrs. French was hired as a general duty nurse at the Women's Hospital in Flint, Michigan. At that time, general duty consisted of twelve-hour shifts, six days a week. On the 15th of September 1928, she received a certificate for completion of a Post-Graduate Course of three months in General Anesthesia from The Grace Hospital, Detroit, Michigan and was certified as a Nurse-Anesthetist. She continued as such at the Women's Hospital for the next 20 years, retiring in 1948.

Since she was the only anesthetist at the hospital, she was on call 24 hours a day, seven days a week, with the exception of a two-week vacation each year. In addition to her duties as anesthetist, she was Assistant Superintendent of the hospital, X-Ray Technician, and administered EKG tests. In 1950, the new McLaren Hospital asked her to come out of retirement as the Inhalation Therapist at the new hospital and she remained in this position until she retired permanently in 1953.

In 1958, at the age of 70, she received a bachelor's degree, majoring in English, from the Flint College of The University of Michigan.

Mrs. French passed away in January 1970 at the age of 81. In a letter of Condolence upon Mrs. French's death, Margaret McLaren wrote, "It would be foolish for me to undertake putting into words all I feel for her life---I feel that a great gallant friend has gone from us. From the first day I knew her there is not one unpleasant memory. We saw a good many difficult things---met many obstacles together---but her courage and positive thinking spurred us on always."

Bessie May French Memorial Scholarship for CRNA

The McLaren Foundation

The McLaren Foundation is pleased to announce the following scholarship available for the 2016-2017 academic year. One \$500 scholarship will be awarded per year.

Scholarship Guidelines

1. Scholarship awards are based on financial need.
