

McLaren Health Plan (MHP) is pleased to announce the

# 2025 Diabetic Measures Incentive

for Medicaid members

This 2025 Diabetic Core Measures program is designed to reward and recognize McLaren Health Plan’s (MHP) Primary Care Providers who meet the HEDIS® requirement for completing diabetic core measures every year for MHP Medicaid members with diabetes, ages 18-75. MHP will reimburse you as described below:

Complete All Services	McLaren Health Plan Incentive
1. HbA1c test or glucose management indicator	\$50
2. Estimated glomerular filtration rate (eGFR) & urine albumin-creatinine ratio (uACR)	
Diabetic Management	
1. Controlled blood pressure <140/90	\$25 for each controlled measure
2. Controlled A1c <8	

For each of your MHP Medicaid members with diabetes, ages 18-75, who receive recommended services as identified by the list above, you will receive a \$50 payment. If their diabetes is appropriately controlled with an A1c below 8 and blood pressure below 140/90, you will receive an additional \$25 for each controlled measure.

Your current year incentive payment will be distributed in the spring of the following calendar year.

McLaren Health Plan retains the right to audit any of their providers at any time. Failure to comply with these audit requests, including any adverse audit findings, may impact the provider’s ability to earn provider incentive payments.

We look forward to your collaboration on the Diabetic measures incentive program and to your continued partnership to increase quality outcomes.

Thank you for the quality care you deliver!
