PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN

Formulary ID: 22063, Version Number 05

This formulary was updated on 08/19/2021.

For more recent information or other questions, please contact McLaren Medicare Member Services at 833-358-2404 or, for TTY users, 711. Our hours of operation are: April 1st through September 30th Monday through Friday, 8 a.m. to 8 p.m. and October 1st through March 31st seven days a week (except Thanksgiving and Christmas days), 8 a.m. to 8 p.m.

or visit www.mclarenhealthplan.org/medicare for additional information.

Note to existing members: This formulary has changed since last year. Please review this document to make sure it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means McLaren Medicare. When it refers to “plan” or “our plan,” it means McLaren Medicare Inspire Duals.

This document includes a list of the drugs (formulary) for our plan, which is current as of 08/19/2021. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2023 and from time to time during the year.

What is the McLaren Medicare Formulary?

A formulary is a list of covered drugs selected by McLaren Medicare, in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. McLaren Medicare will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a McLaren Medicare network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the McLaren Medicare Formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary; or add new restrictions to the brand name drug; or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we

provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the McLaren Medicare Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2022 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2022 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 08/19/2021. To get updated information about the drugs covered by McLaren Medicare please contact us. Our contact information appears on the front and back cover pages. Updates to this formulary will be posted on our website: www.mclarenhealthplan.org/medicare.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 3. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents.” If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page I-1. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

McLaren Medicare covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** McLaren Medicare requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from McLaren Medicare before you fill your prescriptions. If you don't get approval, McLaren Medicare may not cover the drug.
- **Quantity Limits:** For certain drugs, McLaren Medicare limits the amount of the drug that McLaren Medicare will cover. For example, McLaren Medicare provides 60 tablets per prescription for Entresto oral tablets. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, McLaren Medicare requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, McLaren Medicare may not cover Drug B unless you try Drug A first. If Drug A does not work for you, McLaren Medicare will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 3. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask McLaren Medicare to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the McLaren Medicare formulary?" on page vi for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that McLaren Medicare does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by McLaren Medicare. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by McLaren Medicare.
- You can ask McLaren Medicare to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to McLaren Medicare Formulary?

You can ask McLaren Medicare to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, McLaren Medicare limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, McLaren Medicare will only approve your request for an exception if the alternative drug is included on the plan's formulary or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.**

Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Members who have a change in level of care (setting) will be allowed up to a one-time 31-day transition supply per drug. For example, members who:

- Enter long-term care (LTC) facilities from hospitals are sometimes accompanied by a discharge list of medications from the hospital formulary, with very short term planning taken into account (often under 8 hours).
- Are discharged from a hospital to a home.
- End their skilled nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who need to revert to their Part D plan formulary.
- End a long-term care facility stay and return to the community. If a member has more than one change in level of care in a month, the pharmacy will have to call us to request an extension of the transition policy.

McLaren Medicare Formulary

The formulary below provides coverage information about the drugs covered by McLaren Medicare. If you have trouble finding your drug in the list, turn to the Index that begins on page I-1.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., COUMADIN) and generic drugs are listed in lower-case italics (e.g., warfarin).

The information in the Requirements/Limits column tells you if McLaren Medicare has any special requirements for coverage of your drug.

You can find information on what the symbols and abbreviations on this table mean by going to the next page.

List of Abbreviations:

- **PA BvD:** Prior Authorization Restriction for Part B vs Part D Determination. This prescription drug has a Part B versus D administrative prior authorization requirement. This drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.
- **QL: Quantity Limit:** For certain drugs, McLaren Medicare limits the amount of the drug that we will cover. For example, McLaren Medicare provides twelve tablets per prescription for Sumatriptan Succinate. This may be in addition to a standard one-month or three-month supply.
- **ST: Step Therapy:** In some cases, McLaren Medicare requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.
- **PA: Prior Authorization:** McLaren Medicare requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from us before you fill your prescriptions. If you don't get approval, we may not cover the drug.
- **PA- HRM:** Prior Authorization Restriction for HighRisk Medications. This drug has been deemed to be potentially harmful and therefore, a HighRisk Medication for individuals 65 years or older. Members aged 65 years or older are required to get prior authorization from our plan before you fill your prescription for this drug.
- **PA NSO:** Prior Authorization Restriction for New Starts Only. If there is no evidence that you have taken this drug before, you (or your physician) are required to get prior authorization from our plan before you fill your prescription for this drug. Without prior approval, our plan may not cover this drug.
- **NDS: Non-Extended Days' Supply:** Drugs not available for an extended days' supply (i.e. more than a one-month supply) are noted with "NDS" in the Requirements/Limits column of your formulary.
- **GC: Gap Coverage:** We provide additional coverage of this prescription drug in the coverage gap, if your plan provides gap coverage. Please refer to our Evidence of Coverage for more information about this coverage.
- **HI: Home Infusion Coverage:** This prescription drug may be covered under our medical benefit. For more information, call Member Services at 833-358-2404, April 1st through September 30th Monday through Friday, 8 a.m. to 8 p.m. and October 1st through March 31st

seven days a week (except Thanksgiving and Christmas days), 8 a.m. to 8 p.m. TTY users should call 711 or you can visit our website at www.mclarenhealthplan.org/medicare.

- **LA: Limited Availability:** This prescription may be available only at certain pharmacies. For more information, consult your Provider/Pharmacy Directory or call Member Services at 1-833-358-2404, April 1st through September 30th Monday through Friday, 8 a.m. to 8 p.m. and October 1st through March 31st seven days a week (except Thanksgiving and Christmas days), 8 a.m. to 8 p.m. TTY users should call 711.
- **EX;CB: Excluded Part D Capped Benefit:** Drugs covered by the plan that are excluded by Medicare law that are covered by your plan as a supplemental or bonus drug but do not count toward TrOOP.
- **NM: Not Available by Mail Order:** These are typically medications that need to be ordered from a specialty pharmacy and are restricted to a 30-day supply.
