### **Initiative Description:**

Following a post-adjudication audit, McLaren Health Plan identified claims that were inappropriately reimbursed. Per Michigan Medicaid Provider Manual MDHHS follows Medicare guidelines for bundled services. CPT codes with a CMS status indicator of “B” indicate that payment for the covered service is always bundled into payment for other related services not specified. These bundled codes do not receive separate reimbursement. Status code indicators may be found in the RVU file on the CMS website. Dates of services impacted are from 1/1/2023 to current. This will be an ongoing post payment audit with future recoupment projects.

To ensure compliance with Medicaid requirements, McLaren will be initiating a recovery of the impacted payments. The recovery process will begin 10/20/2025 with an estimated completion for this project by 11/15/2025.
