This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, [(888) 327-0671. | Important Questions | Answers | Why This Matters: |
|---------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| What is the overall deductible ? | \$0 at Indian Health Care Provider (IHCP) or with IHCP referral at non-IHCP; \$2,000/individual or \$4,000/family | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . |
| Are there services covered before you meet your deductible ? | Yes. Preventive care and primary care services are covered before you meet your deductible. | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ . |
| Are there other deductibles for specific services? | No. | There are no separate deductible for specific services. |
| What is the out-of-pocket limit for this plan ? | \$8,700/individual or \$17,400/family | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| What is not included in the out-of-pocket limit ? | Copayments for certain services, premiums, balance-billing charges and health care this plan doesn't cover. | Even though you pay these expenses they don't count toward the out-of-pocket limit . |
| Will you pay less if you use a network provider ? | Yes. See McLarenHealthPlan.org or call (888) 327-0671 for a list of network providers . | This plan uses a provider network . You will pay less if you use a provider in the plan's network (a " Participating Provider "). You will pay the most if you use a non-Participating Provider , and you might receive a bill from a provider for the difference between the Provider's charge and what your plan pays (balance billing). Be aware your Participating Provider might use a non-Participating Provider for some services (such as lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist ? | No. | You can see the specialist you choose without a referral . Note, however, that some services require plan Preauthorization in order to be covered. |

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
