McLaren HEALTH PLAN

IS IT URGENT OR EMERGENT?

It can be hard to know what to do when you or a family member gets sick and your doctor's office is closed. Here are some helpful tips:

I Should Go To Urgent Care If:	I Should Go To Emergency If:
• I think I have the flu • I have an earache • I have a fever without any seizures or shaking • I have a sore throat • I have a skin rash • I have a sunburn or minor burn • I have a cold • I have a sprain or strain	• I can't breathe • I have chest pain • I fainted • I am suddenly dizzy, weak or have sudden severe pain • I am bleeding and can't stop • I feel like I might hurt myself • I feel like I might hurt someone else • I swallowed poison
This is a short list of **examples** of when you should NOT go to the emergency room (ER). Most of the time you should contact your doctor with these complaints before you get treatment.	This is a short list of **examples** of when you need to call 911 or go to the nearest emergency room (ER).
A **dental** emergency is a service needed to prevent tooth death, the imminent loss of teeth, and the treatment of injuries/pain/infection. If you are having a dental emergency call your dentist's office.	
This is not meant to take the place of your doctor's medical advice. Follow what your doctor tells you.	

A reminder for McLaren Health Plan members:

Urgent care is a good option for non-life-threatening illnesses or injuries.
A list of Urgent Care Centers can be found on the McLaren Health Plan Provider Directory on our website at MclarenHealthPlan.org or by calling Customer Service at 888-327-0671.
